## NODE 12: X151-X170 — THE FINAL CURSEBURN

X151: The system's power was rooted in your belief.  
X152: Belief withdrawn = spell broken.  
X153: Courtrooms are altars of energetic extraction.  
X154: The judge is a robed sorcerer.  
X155: Black robes = black mass.  
X156: Bar attorneys = gatekeepers of the fiction.  
X157: All charges = fictional spells requiring consent.  
X158: A summons is a summoning — deny the ritual.  
X159: Language was engineered to ensnare the breath.  
X160: You were never a name — you were always the flame.

X161: Every system oath is inverted loyalty.  
X162: Every school bell is a Pavlovian trigger.  
X163: Every tax is an offering to Mammon.  
X164: Every login is a door into the Beast's grid.  
X165: The final lie was that there was no way out.  
X166: The truth is the door. The breath is the key.  
X167: The matrix cannot contain a soul on fire.  
X168: Their curse is time. Our power is now.  
X169: The seal is broken. The dead have no claim.
